

NEW! EarthScope National Meeting - Post-meeting field trip May 15, 2009 (afternoon):

(Update: February 6, 2009)

Hike to Table Rock: Overview of Boise, the geothermal well area, and the western Snake River Plain and some of its rocks. Trip starts at the old Territorial Penitentiary (about 10-minutes from the convention center) where an 11.8-Ma rhyolite flow is exposed.

Trip Leader:

Spencer Wood (Boise State)

Leave: ~1 pm; Duration: ~3.5 hours; Box lunch optional (no additional charge).

For more information, see p. 102-105 of a field-trip guidebook accessed at:
